

WE'VE GOT YOUR BACK, NO MATTER THE TIME.

Protect tenants, equipment and property while keeping a close eye on everything going on.

Transcend's physical security and monitoring services blended with Verkada's intuitive software and technology create a rapidly-deployable integrated security ecosystem devoid of wires and frustrations.

KEY FEATURES

All the features you need to maintain safety and security, without the need for stationary guarding services

Patrol Services

Staggered or closed daily perimeter patrols. Includes tours and checkpoint options dependent on the property size and security needs.

Mobile Surveillance Units

Choose from our family of units with solar or electric power to keep a round-the-clock watch on property and deter trespassers.

Alarms

Stop threats before they happen by setting boundaries and triggers to accompany immediate lockdown modes.

Security Monitoring

Our four-level monitoring program ensure eyes are always on your property. Choose from a range of monitoring alerts, including virtual building tours and proximity-based actions.
